## BOOTH REGULATIONS

### CONSTRUCTION/DESIGN

#### **NEW!** Pizza Expo Is Now a “Cubic Content” Show

Cubic content refers to the use of space rules in a standard booth space. This means exhibitors can build their exhibit within the entire width, depth and up to the maximum allowable height, depending on the booth type. **A line-of-sight booth design is no longer required.** See booth type and examples on following pages.

All exposed exhibit components extending above the 3’ high pipe and drape sidewalls must be finished. Finished means NO company logos, imagery, electrical cords, or unsightly backing materials. In other words, it must be clean and presentable. Show Management reserves the right to determine whether a wall is finished and may order draping of exposed sides at the exhibitor’s expense.

#### **Pizza Expo Is a “No Concrete” Show**

Floor covering is required in all booth spaces. Exhibitor is responsible for providing or ordering a floor covering or carpet. Floor covering must be fire-retardant in compliance with local fire and safety regulations. Exhibitors without a floor covering will have Freeman carpet placed in their booth, at their own expense.

#### **Early Teardown Policy**

Early booth breakdown is strictly prohibited. International Pizza Expo is committed to eliminating these practices from the show floor on the final day of the tradeshow. Please keep this in mind when making staffing decisions and travel arrangements.

#### **Show Colors**

Backwall & Side Drape: Red

Aisle Carpet: Red

## Standard / Linear / Inline Booth Guidelines

**Definition and/or Dimension**

A standard booth is a booth generally arranged in a straight line and have only one side exposed to an aisle, meaning there are neighbors on either side of the booth space. Also known as linear or inline booths.

Standard booths are commonly 10ft deep and multiples of 10ft wide, i.e. 10ft x 10ft, 10ft x 20ft, 10ft x 30ft, etc.

**What's Provided / Included**

- 8' high pipe and drape back wall
- 3' high pipe and drape side walls
- 11" x 17" booth identification sign with company name and booth number
- Booth # ID floor sticker on carpet outside of booth (placed AM of show day 1)

All other equipment, furnishings and services are the responsibility of the exhibitor.

**Use of Space - Cubic Content Rule**

Exhibitors can build their exhibit within the entire width and depth of their booth space, and up to a maximum height of 10ft.

Signs, logos, and graphics placed along booth edges may not face into adjacent booths.

**"Wiggle Room" Factor**

The width and depth of your booth structure should be designed so any side adjacent to another exhibitors booth is 3 inches less than the dimensions of your booth space. This is to allow space for the dividing drape and utility cables/hoses that must be run between booths.

**Floor Covering**

Floor covering is required in all booth spaces. Exhibitor is responsible for providing or ordering a floor covering or carpet. Floor covering must be fire-retardant in compliance with local fire and safety regulations.

Exhibitors without a floor covering will have Freeman carpet placed in their booth, at their own expense.

**Exposed Surfaces**

All exposed exhibit components extending above the 3' high pipe must be finished. Finished means NO company logos, imagery, electrical cords, or unsightly backing materials. In other words, it must be clean and presentable. Show Management reserves the right to determine whether a wall is finished and may order draping of exposed sides at the exhibitor's expense.

**Hanging Signs**

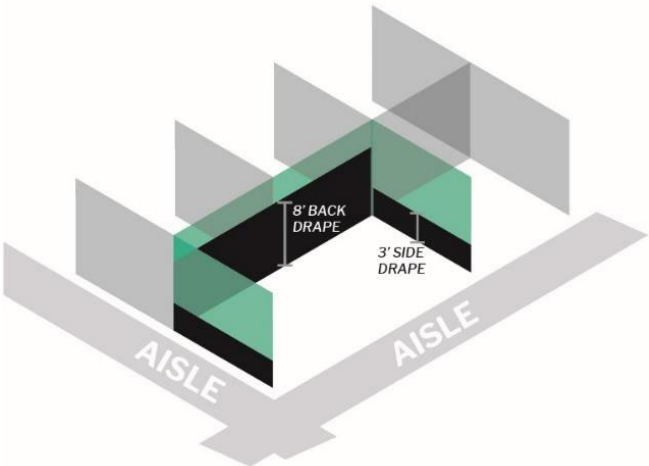

Hanging signs are not permitted in standard / inline booths.

### Move-in & Move-Out Procedures

## Inbound Shipments &amp; Booth Set-Up

## Self-Unloading / Hand Carry Policy

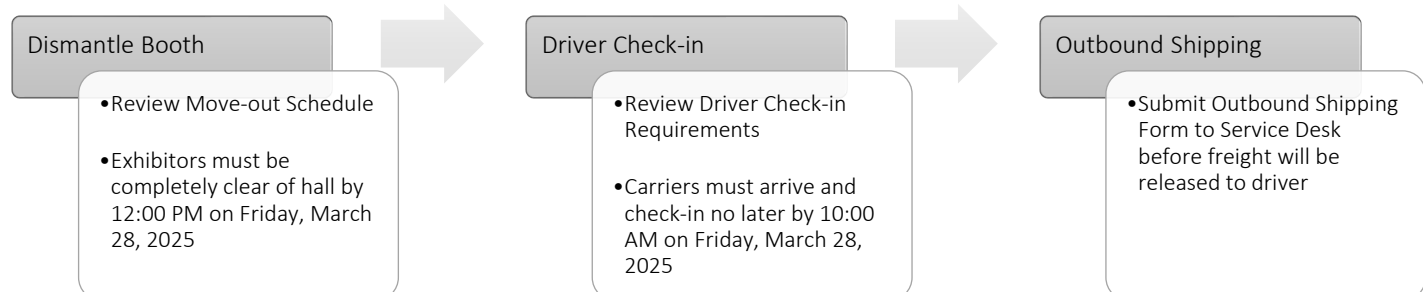

Hand carry is defined as small items that one person can carry, such as cartons or packages. Exhibitors may hand carry their booth materials from their personally owned vehicle (POV i.e. Car, van, or SUV) through the main entrance of the facility during move-in and move-out. Exhibitors must unload from the parking lot, not from the curbside. Any mechanical assistance is limited to a small dolly. When exhibitors choose to hand carry merchandise, they are not permitted access to the loading dock / freight door areas or use of a four wheeled dolly / cart. Click [HERE](#) for more information.

## Privately Owned Vehicle (POV) &amp; Company Owned Vehicle (COV)

Vehicles that qualify as a POV or COV may utilize the POV / COV Check-In Area located behind the Las Vegas Convention Center West Hall, in the Yellow Lot. Freeman workers equipped with flat carts will assist exhibitors with unloading, designated as Cart Service, at the round-trip rate. Two people must be with the vehicle – one to accompany the product to the booth and one to remove the vehicle from the area – and the vehicle must be completely unloaded within 30 minutes of arrival at the unloading area. Vehicles that do not qualify for this service or that require mechanical assistance to unload will be directed to the marshaling yard. Please review the information about [POV's and Cart Service](#) prior to arrival.

*A POV is defined as cars, pick-up trucks, vans, and other trucks primarily designed for passenger use, not cargo or freight. A COV is defined as a box truck under 24' or commercial van.*

## Booth Dismantle &amp; Outbound Shipments

Every outbound shipment will require a material handling agreement and shipping labels. Freeman offers complimentary pre-printing of these items. To take advantage of this service, please complete Freeman's Outbound Material Handling Authorization (MHA) and Shipping Labels on [Freeman Online](#). Your pre-printed MHA and labels will be delivered to your booth prior to the close of the show. *Please note: all third parties must pick up MHA/labels at the Freeman Service Desk.*

## Storage

### Empty Storage

Exhibitors are allowed to store empty containers or booth items within their booth space as long as it is not behind the booth drape or booth space. Storing items behind the booth drape is a fire hazard and storing items behind your booth is a tripping hazard in the show aisles. This will be strictly enforced by Show Management and the Fire Marshall onsite.

If an exhibitor needs to store empty containers outside their booth space until show close, they can do so with Freeman, at the exhibitor's expense, using the "empty" stickers or take the container offsite to exhibitors hotel.

### Refrigeration/Freezer Storage

Refrigeration and frozen storage is provided by Freeman on show site ONLY and services can be ordered online. Please note that containers must be marked with the [Refrigerated Shipping Labels](#) or [Freezer Storage Shipping Labels](#) and be labeled properly with International Pizza Expo 2025, booth number and company name. Exhibitors are not permitted direct access to cold storage, arrangements for deliveries need to be made with [Freeman Online](#). Space is allocated on a first come, first-serve basis, place your order early.

### International Freight

Phoenix Logistics, Inc. has been appointed as the official international freight forwarder and customs broker. For more information, please [e-mail](#) or download the [International Shipping Instructions](#).

## INSTALL/DISMANTLE & LABOR REGULATIONS

### Late Set-up

### Labor/Union Laws

Nevada is a right-to-work state. Labor jurisdiction and union rules are determined by the facility, state, and municipality in which the exhibition is held. Where union contracts exist with service contractors, exhibitors must acknowledge union jurisdictions and conform to those contracts and use of the union personnel involved. Skilled and unskilled labor as needed or required can be arranged through the official service contractor Freeman at established rates.

Exhibitors may use full-time company personnel to set-up an exhibit, however they cannot operate heavy machinery or lift equipment. If full-time personnel are utilized, they are required to carry a photo ID as well as company identification, such as an insurance identification card or payroll stub.

Union labor is not required to put your products on display, to open cartons containing your products, nor to perform testing, maintenance, or repairs to your products.

### Forklifts

Forklift labor is an exclusive service provided by Freeman.

### Tipping

Freeman, the official service contractor of International Pizza Expo 2025, requests that exhibitors do not tip its employees by giving money, merchandise or other special consideration for services rendered. Exhibitors should not give coffee breaks other than mid-morning and mid-afternoon when employees have a fifteen-minute paid break. Any attempts to solicit a gratuity by an employee for any service should be reported immediately to a supervisor of Freeman.

Spray painting is prohibited in the Las Vegas Convention Center.

Show Management & the facility will NOT be responsible for the recovery of abandoned materials that are left in an exhibitors booth past the move-out dates/times as published in the Exhibitor Service Manual.

## Care of the Facility

It is understood that exhibitors shall neither injure, no mar, nor in any manner deface the premises. Exhibitors will not be permitted to drive nails, hooks, tacks, or screws into any part of the building, put up decorations or adhesives that would deface the premises. Exhibitors shall promptly pay for any and all damages to the facility, booth equipment or the property of others caused by the exhibitor or any of its employees, agent's contractors, or representatives.

## EXHIBITOR APPOINTED CONTRACTOR PROCESS

An Exhibitor Appointed Contractor (EAC) is a company or contractor hired by the exhibitor, who is not an employee of your company or of an official show contractor. EACs are most often independent installation & dismantle companies but also include supervisors, technicians, photographers, audiovisual, floral, furniture, flooring, and any other contractors who aren't the official of the show but provide a necessary service at show site for the Exhibitor.

International Pizza Expo recognizes that exhibitors may have unique needs or partnerships with vendors other than our official partners. Therefore, we support this choice as long as the EAC conforms to the show and venue Rules & Regulations and carries the required insurance coverage.

With the increasing number of EACs, have come numerous added expenses. These expenses include legal costs resulting from increased liability claims, exhibit hall damage, excess cleaning charges, extra administration costs for wristbands, contracting, insurance tracking, etc. Rather than passing on these added costs to exhibitors, we have implemented an administrative fee payable by the EAC. Each EAC hired by an Exhibitor must agree to the Rules & Regulations and will be assessed a fee. An administrative fee of \$300 per booth location the EAC represents is required. The fee applies to all contractors regardless of the service they provide (labor, supervision, products, services, etc.).

The Exhibitor is responsible for providing the EAC with any necessary information pertaining to the exhibit hall (i.e., utilities, order forms, dates, hours, shipping information etc.)

Should you have any questions regarding the process, please email [PizzaExpo@EACMgmt.com](mailto:PizzaExpo@EACMgmt.com).

Any display items sold during the show cannot be removed from the show floor until after closing on the final show day. Exhibitors who choose to sell their display items must work jointly with the purchasing party to arrange for removal of the items from the show floor, while following all move-out and labor regulations. Exhibitors must also escort the purchaser to the exhibit hall exit and confirm with security that the purchaser is authorized to remove the items from the exhibit hall.

### Sharing of Exhibit Space

Exhibitors may not share booth space with another non-contracted or unauthorized manufacturer or distributor.

### Strolling Entertainment & Suitcasing

Strolling entertainment or moving advertisements (robots, persons carrying or wearing signs, scooters, etc.) outside an exhibitors space is not permitted. Repeat violations will result in the confiscation of materials/promotion items involved in the violations and loss of priority points.

Suitcasing is defined as any activity designed to solicit or sell products or services to delegates attending a meeting, conference, or even without the proper authorization by Show Management or in ways that violate the rules of the event. Any attendee who is observed to be soliciting business in the aisles or other public spaces, in another company's booth, or in violation of any portion of this policy, is subject to removal without refund and additional penalties.

The selling or solicitation of products or services may only be conducted by companies in good standing, within their exhibit space, confirmed meeting or conference space or within the event as authorized by Show Management. Companies conducting business outside the confines of the exhibit hall, booth location or in unauthorized properties without permission of Show Management are in violation of this clause.

## SECURITY INFORMATION

International Pizza Expo Show Management makes every effort to protect exhibitors' merchandise and displays.
